December 9, 2009

Time:

**Food Waste Disposers, Renewable Energy and the Environment
Free member webinar**

3:00 – 4:00 pm

This session will explore what happens to food waste at the landfill, the compost pile and the wastewater treatment plant, and why plants recycling food waste into renewable power and biosolids now want more waste sent down the drain. You won't hesitate the next time a homeowner asks you if a disposer is "eco-friendly." Webinar is **FREE** to PHCC members. Register online at www.phccweb.org
